How to Register for International Student Orientation via iTerp

1. Log in to iTerp.

If you have set up your UMD Directory ID and password, choose Full Services log in.

If you do not have your Directory ID and password yet, you can log in with your UID under Limited Services. In this case a PIN password will be sent to the email on file with UMD. You can use the PIN to log in.

2. Select Register for Orientation in the left side menu.
3. Review steps for Registration.

Open the link (circled) to view the full week’s schedule (this will help your planning).

4. Select Session Sign-ups in the left side menu and choose your sessions from the list.

Click on each session to view information and/or to register.

You MUST register for one ISSS Immigration Session to complete your F-1/J-1 check-in. This event is offered 3 times in January so you may choose which is convenient.

Then, register for any other sessions, trips, or social events of interest to you.
5. Example -

To register for one of the Lunch Meetups, this student clicked on that event from the left Session Signup menu.

The event description appears at the top.

Click through the calendar for January and select a date when the event is offered. The time and location will then appear.

Click Sign up and your registration is complete.

Repeat the process for all other events you will register for.

6. Last, print your customized orientation schedule.

Return to Register for Orientation (left menu)

Click Print Orientation Schedule.
The link to your schedule will appear.
